

High Strength Turning CNC Titanium Parts With Ra 0.2 - 3.2 Surface Roughness

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: RIYI
- Certification: CCC CE
- Model Number: RY8000
- Minimum Order Quantity: 10pcs
- Price: 1-100
- Packaging Details: standard cartoon
- Delivery Time: 5-15days
- Payment Terms: T/T
- Supply Ability: 50000

Product Specification

- Acceptable: OEM/ODM
- Design: Customized
- Drawing: 2D +3D Drawing/ Scan Samples
- Processing Method: CNC Turning, CNC Milling, CNC Grinding, Etc.
- The Tolerance: $\pm 0.01\text{mm}$
- Keyword: Polishing Stainless Steel CNC Parts
- Oem Service: Acceptable
- Samples: Feasible
- Casting Process: Gravity Casting
- Surface Finish: Anodized, Powder Coating
- Cavity: Single
- Durability: Long-lasting
- Original Hardness: HRC35-42
- Diameter: 0.325inch, 0.13inch

Product Description

Product Description:

Specification

item	value
CNC Machining or Not	Cnc Machining
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Precious Metals, Stainless steel, Steel Alloys, As your request
Place of Origin	China
Model Number	Turning Machining
Keyword	cnc machining precision parts
Process	cnc turning /cnc machining/cnc milling /lathe turning
Material	stainless steel/aluminum/brasss
Surface treatment	Powder coating,electroplating,oxide,anodization
Drawing Format	STEP/3D/2D /PDF /Drawing
Tolerance	precise cnc parts 0.01-0.02mm
Equipment	cnc machining center/automatic lathe
Finish	Matt/anodized/Polish
Application	mechanical industry
Service	Customized OEM Services

Processing Material

Aluminum

Stainless Steel/Steel/Titanium Alloy

Brass/Copper

Plastics, PE, Composite Materials, etc.

Etch

Electroplate

PVD

Brushed

Silk Screen

Painting

Oxidation

Laser Carving

Company Profile:

About us:

Guangzhou Riye Metal Products Co., Ltd. is a professional manufacturer specializing in the production of enclosures, cabinets, racks, and various automated equipment sheet metal processing. The company is equipped with advanced technology and a full range of processing equipment, including various laser cutting machines, CNC machining centers, CNC bending machines, laser welding machines, and more. These meet production needs and ensure processing quality. The company's core values are "Focus on Quality, Efficient Production, and Dedicated Service." We adhere to customer requirements as the standard, cooperate hand in hand, and create a better future together!

Our customer:

Package:

We provide customized packaging with customer logos.

For fragile or heavy products, we customize reasonable and safe packaging methods according to needs

Use plastic box and and partitions to pack them

Pack in plastic box

Use pallet to stack the goods

Using bubble bag to pack

Plastic bag one by one

Plastic bag for single part with customized package

Packed by using paper

Packed with foam

Blister box to pack

Shipping:

RFQ:

Q1:What's kinds of information you need for quotation?

VMT: You can provide 2D/3D drawing or send your sample to our factory, then we can make according to your sample.

Q2: Can we sign NDA?

VMT: Sure. We never divulge customers' information to anyone else.

Q3: Do you provide sample?

VMT: Yes, we can provide you sample before mass order.

Q4: How can you ensure the quality?

VMT: We have professional QC department to guarantee the quality.

Q5: Delivery time

VMT: If in Stock: around 3 days after payment. Mass production: around 15~25 days after receipt of deposit (Accurate delivery time depends on specific items and quantities)

Q6: How about the transportation?

VMT: You can choose any mode of transportation you want, sea delivery, air delivery or door to door express.
